Form No. 1
WEEKLY MENTORING FORM

Name of Pre-service Teacher	Jade Lormie T. Porras
Program/Section	BTVTED-ICT-CH-4A
Name of Cooperating School	Kapt. Jose Cardones Integrated School
Name of Cooperating Teacher	Shella Marie B. Bongalbal
Date Accomplished	October 8, 2026
Mentoring Session No.	2

A. OUTPUT/ACTIVITY EVALUATION AND COMMENTS

INSTRUCTION: Kindly provide comments or suggestions and indicate the total score on the activity accomplished by your assigned pre-service teacher for the week. The pre-service teacher shall review the feedback and use it as a basis for reflection and continuous improvement.

Strength/s

-comprehensive
-easy to understand answers
- Expresses ideas clearly
- Insightful

Weakness/es

***Areas to improve
- Contains minor inaccuracies

Suggestion/s

- Well-written answers! Just be mindful of a few minor oversights to ensure total accuracy.

Criteria-based Score

B. PRE-SERVICE TEACHER'S EVALUATION AND COMMENTS

INSTRUCTION: Evaluate the pre-service teacher's demonstrated skills in each area based on actual performance during the Field Study experience. Place a check mark (✓) under the rating that best describes the level of skill demonstrated.

5 – Extremely Skilled - Demonstrates the skill consistently, independently, accurately, and effectively. Performs beyond the expected level with confidence and initiative.
4 – Moderately Skilled - Demonstrates the skill effectively and consistently with minimal guidance. Meets the expected level of performance.
3 – Developing - Demonstrates the basic skill adequately but may require occasional guidance, practice, or improvement.
2 – Needs Improvement -Demonstrates limited skill and requires frequent guidance, supervision, and practice to perform the task appropriately.
1 – Not Skilled at all - Demonstrates minimal or no evidence of the skill and requires substantial guidance and support.

MAINTAINING EFFECTIVE COMMUNICATION	**5**	**4**	**3**	**2**	**1**
Active listening	✓				
Receiving constructive feedback	✓				
Establishing a relationship based on trust	✓				
Identifying and accommodating different communication styles	✓				
Employing strategies to improve communication with cooperating teacher	✓				
Helping the cooperating teacher coordinate effectively with other cooperating teachers		✓			
ALIGNING EXPECTATIONS	**5**	**4**	**3**	**2**	**1**
Working with cooperating teacher to set clear expectations of the mentoring relationship	✓				
Aligning expectations with the cooperating teacher		✓			
Considering how personal and professional differences may impact expectations	✓				
Working with cooperating teacher to set goals		✓			
Developing strategies to meet goals		✓			
FOSTERING INDEPENDENCE	**5**	**4**	**3**	**2**	**1**
Motivating oneself	✓				
Building confidence	✓				
Stimulating creativity	✓				
Acknowledging professional contributions		✓			
Negotiating a path to professional independence with cooperating teacher		✓			
PROMOTING PROFESSIONAL DEVELOPMENT	**5**	**4**	**3**	**2**	**1**
Networking effectively	✓				
Setting career goals	✓				
Balancing work with personal life	✓				
Understanding impact of cooperating teacher as a role model	✓				
Acquiring resources	✓				
TOTAL SCORE	/ 20				

C. PRE-SERVICE TEACHER'S EVALUATION AND COMMENTS

INSTRUCTION: Kindly provide comments or suggestions on the performance of the pre-service teacher as a basis for reflection and continuous improvement.

Strength/s

-adaptive
-receptive
-punctual
-communicative
-respectful

Weakness/es

******Areas to Improve**

- developing / improving skills through guidance and practice in future micro-teaching
- Capable with support, but work in progress in building the confidence to lead

Suggestions

- Great Job in your assistance and support to me as your Cooperating teacher. Well appreciated all your help. Keep on working hard and motivated on your student-teacher journey!

Evaluated By:

Shella Marie B. Bongalbal
Cooperating Teacher

Task Sheet No. 3:
COMPETENCIES ALIGNMENT MATRIX

INSTRUCTION:

As a pre-service teacher, you are tasked to prepare and submit a **Competencies Alignment Matrix** based on an actual or assigned Budget of Work (BoW)/Curriculum Guide/MELCs. Your goal is to examine the competencies, identify the expected learning outcomes, and formulate appropriate objectives that are aligned with the content, skills, and performance expectations for the lesson. The matrix should clearly present the BOW competency and its corresponding lesson objectives, demonstrating alignment between what learners are expected to learn and what they are expected to demonstrate. Your work will serve as a practical guide for lesson planning and will be evaluated based on the accuracy of alignment, clarity and measurability of objectives, relevance to the competencies, and organization of the output.

Note: *This task would help you accomplish the INTENTIONS, LEARNINIG EXPERIENCE, and ASESSING LEARNING part of your lesson plan.*

RUBRIC FOR GRADING:

CRITERIA	EXCELLENT	PROFICIENT	DEVELOPING	BEGINNING
Competency alignment (30%)	All objectives are strongly and accurately aligned with the BOW/CG/MELCs competencies; alignment is clear and logical.	Most objectives are accurately aligned with the BOW/CG/MELCs competencies with minor inconsistencies. ✓	Some objectives are aligned, but several connections to the BOW/CG/MELCs competencies are unclear or inaccurate.	Objectives show little or no alignment with the BOW/CG/MELCs competencies.
Clarity and measurability of objectives (30%)	Objectives are exceptionally clear, SMART, and use appropriate action verbs. ✓	Objectives are clear and SMART, with minor issues in specificity or action verbs.	Objectives are somewhat clear but not SMART and contain vague or difficult-to-measure statements.	Objectives are unclear, vague, or not measurable.
Relevance to the learning outcomes (30%)	Objectives directly address the expected knowledge, skills, and performance indicated in the competencies. ✓	Objectives generally address the expected learning outcomes with minor gaps.	Objectives address some expected outcomes but miss important knowledge or skills.	Objectives do not adequately reflect the expected learning outcomes.
Completeness and Accuracy (10%)	All required competencies and corresponding objectives are complete, accurate, and appropriately matched. ✓	The output is mostly complete and accurate, with only minor omissions or errors.	Several competencies or objectives are incomplete or contain errors.	The output is substantially incomplete or contains major errors.

Activity 1: Write your answer in the space provided.

COMPETENCIES	CONTENT AND PERFORMANCE STANDARD	LEARNING OBJECTIVES	INTENDED LEARNING OUTCOMES (OUTPUT)
Refer to the Curriculum Guide/MELCs/Budget of Work		*Refer to Blooms Taxonomy and other guidelines in creating your objectives (Knowledge, Skill, and Attitude)*	*It could be an activity/output that could be assessed (formative or summative)*
1. Draw simple figures and objects by applying the elements and principles of design. (Week 1)	**Content Standard:** Demonstrate an understanding of the elements and principles of design, types of illustrations, drawing enhancement techniques, proportion, expression, and movements as applied in drawing the human face. **Performance Standard:** The learners apply the design principles and techniques in creating vectorized drawing and simple animated video clips.	At the end of the lesson, learners should be able to: 1. Identify and describe at least three elements (line, shape, color, texture, space) and two principles (balance, contrast, emphasis, rhythm) of design used in a simple figure or object. 2. Draw a simple figure or object that combines at least three elements and two principles of design. 3. Show creativity and thoughtfulness in explaining the design choices made in their drawing.	Create a simple drawing of a figure or object that combines at least three elements and two principles of design, with each element and principle labeled, and write a one-paragraph explanation of the design choices made.
2. Apply drawing enhancement techniques. (Week 2)	**Content Standard:** Demonstrate an understanding of the elements and principles of design, types of	At the end of the lesson, learners should be able to: 1. Describe at least three drawing	Enhance a simple line drawing by applying at least three labeled enhancement techniques (e.g., hatching,

	illustrations, drawing enhancement techniques, proportion, expression, and movements as applied in drawing the human face. **Performance Standard:** The learners apply the design principles and techniques in creating vectorized drawing and simple animated video clips.	enhancement techniques (hatching, cross-hatching, stippling, shading) and explain how each adds depth and dimension to a drawing. 2. Enhance a simple line drawing by applying at least three enhancement techniques to add depth and dimension. 3. Demonstrate patience and care in applying shading, texture, and tonal techniques.	cross-hatching, stippling, or shading) to show clear depth and dimension.
3. Draw a human face. (Week 3)	**Content Standard:** Demonstrate an understanding of the elements and principles of design, types of illustrations, drawing enhancement techniques, proportion, expression, and movements as applied in drawing the human face. **Performance Standard:** The learners apply the design principles and techniques in creating vectorized drawing and simple animated video clips.	At the end of the lesson, learners should be able to: 1. Identify the proper proportions and placement of the key facial features (eyes, nose, mouth, ears, eyebrows). 2. Draw a human face using proper facial proportions and symmetry, with the key features correctly placed. 3. Show patience and attention to detail in observing and drawing facial proportions.	Draw a human face using proper facial proportions and symmetry, and label the key features (eyes, nose, mouth, ears, eyebrows).
4. Produce vectorized drawing using illustration software. (Week 9)	**Content Standard:** Demonstrate an understanding of the digitizing, enhancing, and vectorizing, human face using illustration software. **Performance Standard:** The learners apply the design principles and techniques in creating	At the end of the lesson, learners should be able to: 1. Explain how shapes, paths, and anchor points are used to build a vectorized drawing in illustration software.	Convert a simple hand-drawn sketch into a vectorized drawing using shapes, paths, and anchor points in illustration software, with clean lines and all elements vector-based, and save it as a digital file.

			vectorized drawing and simple animated video clips.	2. Convert a simple hand-drawn sketch into a vectorized drawing using shapes, paths, and anchor points. 3. Show precision and patience in creating clean, scalable vector drawings.	
5.	Produce simple animations.	(Week 10)	**Content Standard:** Demonstrate an understanding of the animation, software, system requirements, and animation techniques. **Performance Standard:** The learners apply the design principles and techniques in creating vectorized drawing and simple animated video clips.	At the end of the lesson, learners should be able to: 1. Explain how key frames and in-between frames work together to create smooth motion in an animation. 2. Animate a simple object (e.g., bouncing ball or waving hand) using at least three key frames and two in-between frames. 3. Show creativity and perseverance in producing a smooth, continuous animation.	Produce a simple animation of an object (e.g., bouncing ball or waving hand) using at least three key frames and two in-between frames that shows smooth, continuous movement.
